Vera, Diego de, fl. 1612.

Cancionero llamado danza de galanes ... [1908]. (Card 3)

Title vignette: lady and gallant.

Various authors cite an earlier edition, Lerida, 1612, among them Antonio, who attributes it to Diego de Vera. Barrea y Ladrado and Bruns attribute this to Diego de Vera y Ordoñez de Villaguirra, the author of Eneyida lédica y amorosa. Barcelona, 1622. cf. Barrea y Ladrado, Catál. bibl. y biog. del teatro antig. español, p. 472 ("Al mismo don Diego de Vera y Ordoñez de Villaguirra, puede también por la fecha ser atribuida una colección variada de poesías cómicas citada por el señor Durán ... Cancionero llamado danza de galanes ...") Balvín y Mallén (Catalun, vol. 2, p. 100) and Gellardo hold the contrary opinion.

The authorship of "Otras muchas canciones sobre diversos colores, y las significaciones dellos" (p. 84-97) is ascribed by Balvín y Mallén to Juan de Timoneda.

Voyages de l'empereur de la Chine dans la Tartarie, auxquelles on a joint une nouvelle découverte au Mexique. Paris, E. Michallet, M.C.C.LXXXV.

Verbiest was destined to accompany the train of the emperor ... His two letters, in which these journeys are respectively described, were regarded with great interest on their arrival in Europe. The originals, in all probability, were written in Latin; for although Verbiest was a Fleming, and many of the Jesuit narratives were written in other languages than Latin, yet Dutch, we may conclude, would be less acceptable to those to whom the letters were sent than Latin, with which the writer was so perfectly conversant ... In the preface to this little work, the anonymous editor asserts that they are translated word for word from relation ... p. 52.

An English version of the Eclogues of Virgil. 1888. (Card 2)

Of the eclogues which illustrate each eclogue, only one was finished by the translator; the others, left in an incomplete state at his death, were finished by his son (the editor of this work) with the aid of "a series of touched proofs with memoranda intended by him for his own use in completing the eclogues." cf. Pref.

"The translator did not claim for this work any merit as a liberal or even as a free translation. I have called it a 'paraphrase', but perhaps more correctly, it has been compared in musical phrase to 'a meditation upon Virgil's air'."—Pref.
